STIP Update

David Wasserman, PE
February 26, 2026

Connecting people, products and places safely and efficiently with customer focus, accountability and environmental sensitivity to enhance the economy and vitality of North Carolina

2028-2037 STIP Schedule

NCDOT would like to keep a consistent schedule for developing the STIP (to the extent possible)

- Current P8 schedule indicates release of Draft STIP in March 2027 with approval of Final STIP in Summer 2027
- Historically, the Draft STIP has most often been released in January/February with approval of the Final STIP in June or July

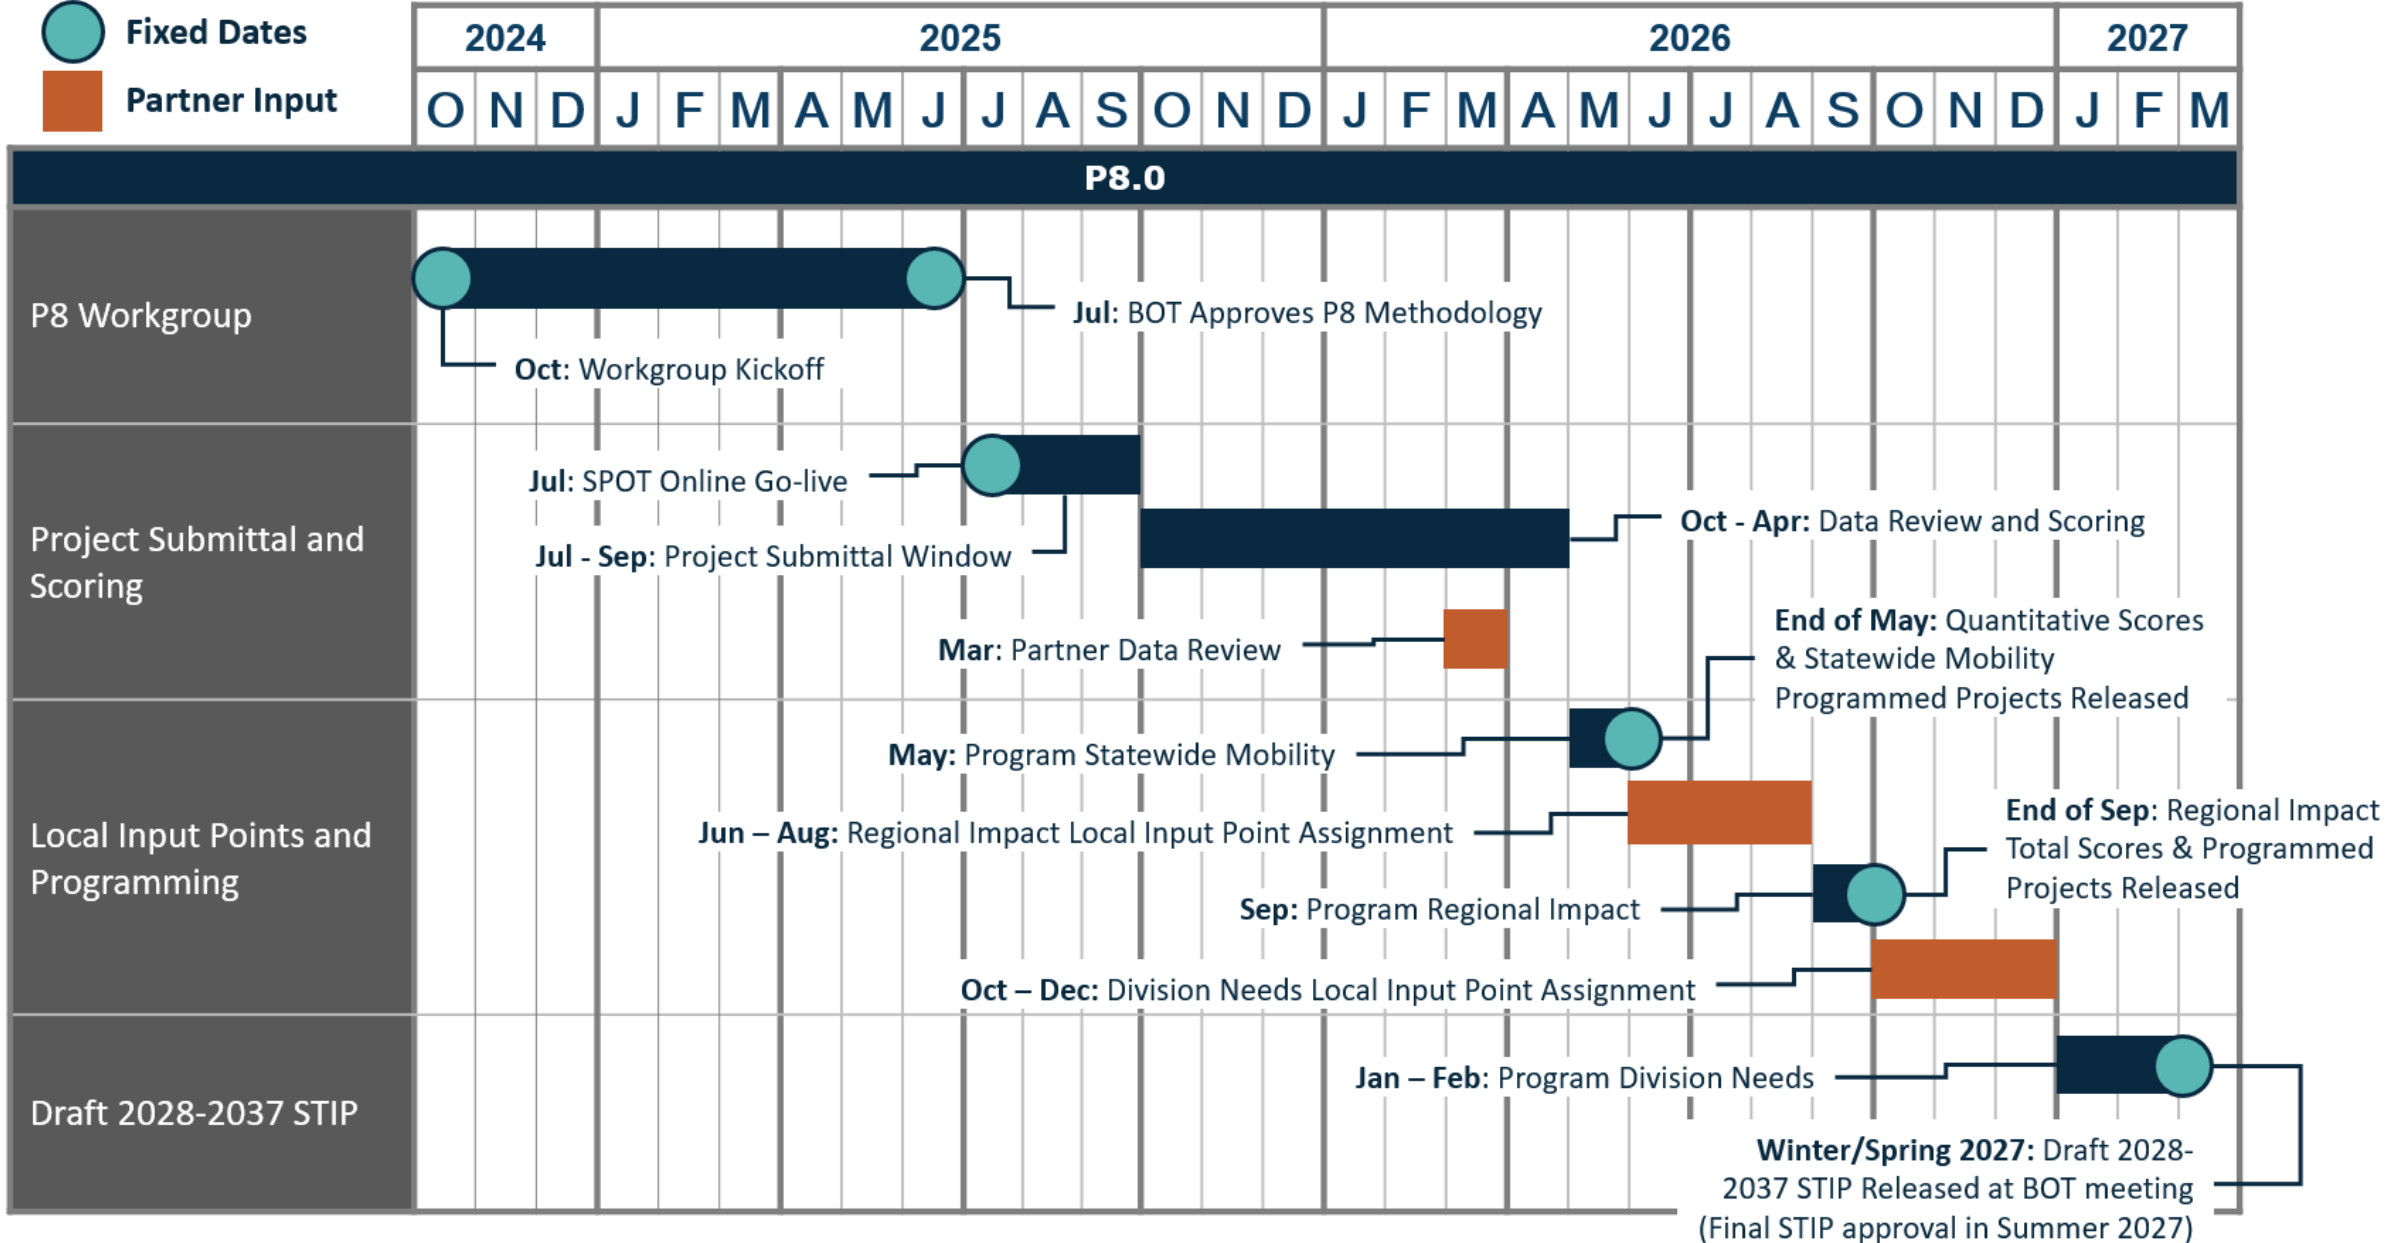

Proposal to adjust current P8 schedule to mirror P7 schedule by reducing Division Needs LIP window from 3 months to 2 months

- Currently October-December 2026
- Most POs don't meet in December
- This change will allow NCDOT to release the Draft STIP in January or February 2027 with approval of the Final STIP in June or July 2027

P8 Schedule

October 2024

- Fixed Dates
- Partner Input

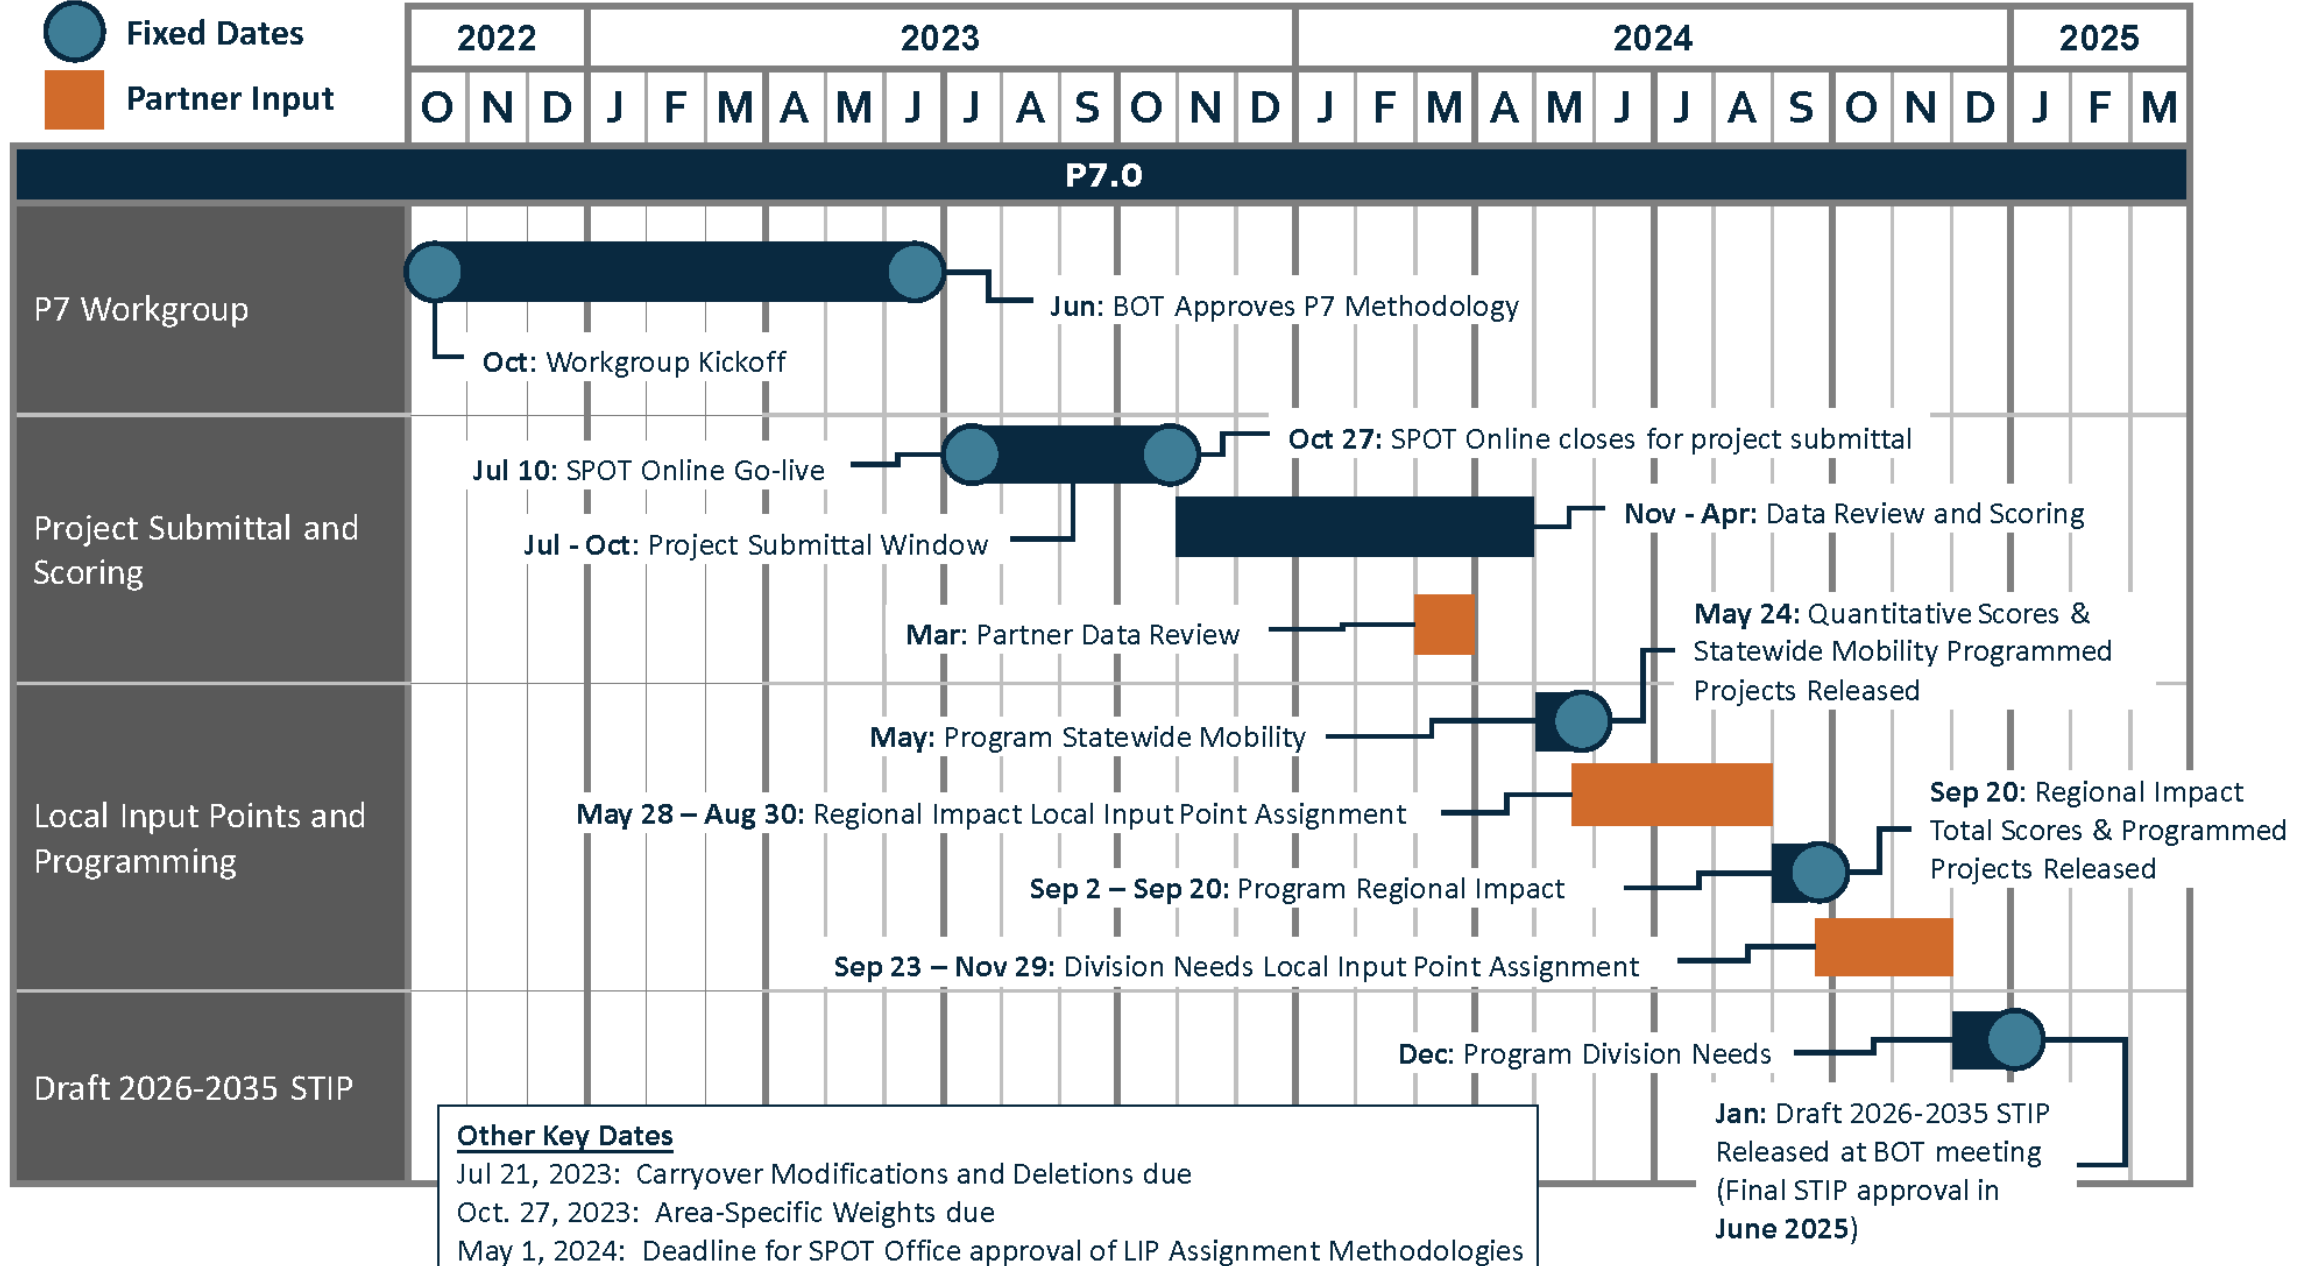

P7 Schedule

Revised – March 2024

Dates set per P7 Workgroup in October 2022

- Fixed Dates
- Partner Input

2028-2037 STIP Schedule

Updated 2028-2037 STIP Funding Availability \$ will be released with

- Release of Quantitative Scores and Funded Statewide Mobility projects (May 2026)
- Release of Funded Regional Impact projects (September 2026)

STIP Manager

NCDOT will be transitioning to new STIP Manager Application over the next few months

- Anticipate several months operating in both Access and STIP Manager to ensure everything works as expected
- Once transition is complete, Access databases will be retired
- For those that receive data from Access, we'll work with you on providing data from STIP Manager (will likely be in Excel spreadsheet)
- Anticipate providing STIP Manager access for partners later in 2026 with training
